Certification for MAXIMA 841 and 861 only

**MAXIMA SERIES: CONVENIENT, USER FRIENDLY & VERSATILE**, the MAXIMA Series can easily be adapted into a variety of environments and applications. Available with many options such as variable drum capacity, embossing, infill, tipping, magnetic stripe and smart card management, the MAXIMA series meets the requirements of **VISA** and **MasterCard** for standard credit card personalization.

**The MAXIMA 821T** is perfect for decentralized applications that require immediate and small scale card issuance. **The MAXIMA 841** has long been favored for stress cards and proven to be the best solution for patient ID card production, i.e. in Hospitals and Health Care Services.

**The MAXIMA 861** has become a favorite in Banks and Credit Institutions. It's particularly suitable for medium scale card issuance.
